

REMARKS

This amendment is filed to improve the form and clarity, but not effect the scope, of claim 7, as allowed.

In compliance with 37 C.F.R. §1.312, Applicant respectfully requests that the Examiner enter the above-referenced amendments because: (1) the amendments are needed for proper protection of the invention; and (2) entering the amendments directed solely to formal matters requires no substantial amount of additional work on the part of the Patent Office.

More specifically, the amendments to claim 7 is needed because it further clarifies the recitation of important features of the invention, and it more fully and particularly points out and distinctly claims the subject matter which the applicants regard as their invention and to which they are entitled.

For the foregoing reasons, applicant respectfully requests that the Examiner enter this amendment.

Respectfully submitted,

STAAS & HALSEY LLP
